### <sub>My</sub> Language

B1

I hadn't spoken English for a long time, but I read and translate with partial use of the dictionary

.NET Core

My Skills

Git SCRUM WPF Avalonia UI Entity Framework Core Dapper EmguCV Telegram API Selenium WebDriver HERE Maps API Docker

MS SQL Server Oracle Database PostgreSQL LiteSQL

# **Vladislav** Titov

### .NET developer

## About Me

I am a skeptic in the best sense of the word, I can plan and I don't think stereotypycally. A perfectionist who feels the golden mean. Communicative, with a good sense of humor. For me the main thing in life is to to realize myself, achieve the highest results and to be an example for my loved ones.

Life motto: strive for the stars - even if it does not work out, this will be the highest possible vector.
